

ESH 001 Harold Petersen Butcher Shop

I came to Eungella in 1943 as a boy of 13 to work in the butcher shop store and worked there for approximately 3 years, shifted to Mackay and was offered a job back in the butcher shop about 18 months later to run the show when I was 17 for a big sum amount of 7 pounds a week which was top wages. I left Mackay and I said to my mates in Mackay I'm going back up to Eungella to work as there is a little blonde Sheila up there, Thelma. And here we are we will be 60 years married next April.
